C&L CT Federal 485T 6Y-- Hereford Reg. # P43214122

Pasture Sire: D Bar L Next Step 1902--Angus Reg. # 19550695

This is our entire set of replacements. These heifers are descendants from the Leo Journagan commercial herd. This herd is very unique in that no females have been added for 38 years. They have been developed to perform on fescue for generations and selected for the economic relevant traits of fertility, longevity, calving ease and udder quality. They will make high quality cows.

- Federal's performance in our program has been simply amazing. The results of his service has been calves that are lighter at birth, with plenty of calf vigor and progeny that excels in efficiency and growth. Federal's progeny have great shape and structure. The Federal daughters are holding their condition and don't shrink up after calving. Their udders are tight and their teat shape has been ideal.
- Federal is homozygous polled. He has 195 daughters in production and average 98.9 for weaning.
- Owned with Candy Meadow Farms and Tegtmeier & Sons.
- Semen \$25/straw \$60/certificate

- Matty features a prominent Australian pedigree. He exhibits top end calving ease, high growth and a carcass profile suitable for producing the high quality beef that the industry demands.
- Matty is a proven source of IMF. He was the highest raw scan bull in a large contemporary group and ranked in the top 1% of the breed for the IMF trait.
- His dam is a super donor cow--consistently producing top end calves.
- The genotype and phenotype of Matty combine to make him a valuable breeding option.

Bid and Buy Online:

Please create NEW account to use this version

2021 Journagan Ranch Sale Cattle Junior Futurity

- Make plans to be with us Friday evening before the sale at 6 p.m.
- Juniors that purchased animals in the 2020 sale will be vying for almost \$5000 to spend towards the purchase of cattle in the 2021 sale.
- It will be a great time to socialize with other breeders, see how calves from last year matured out, and get an early look at the offering for the next day.
- Please feel free to give us a call if you have any questions about the futurity or for any other reason.
- We look forward to seeing you for a great fall weekend in the Ozarks with Hereford cattle.
- Contact Marty Lueck for more information 417-838-1482.

SALE LOCATION

The sale will be held in the ballroom at the Bond building.

This is the brick building on your left as you enter the gate. This facility is environmentally controlled, handicap assessable and allows for social distancing. The cattle will still be displayed in the same place as usual at the west end of the property. We will have a shuttle that will run between the cattle display and the sale site. There is parking for cars at the Bond building.

Facial covering will be provided if desired.

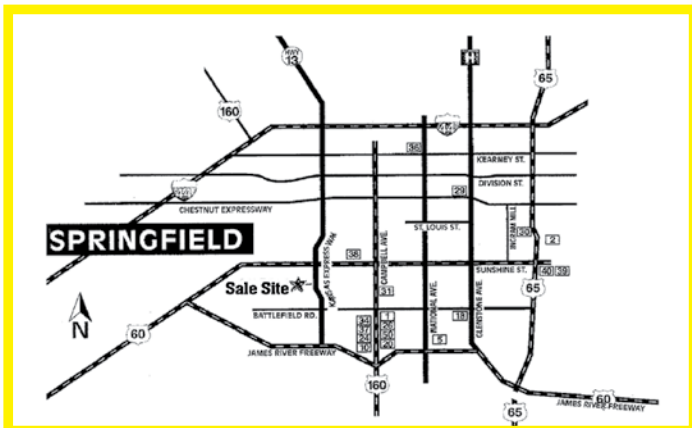

Video will be used during the sale. We will have large LCD screens set up. When each sale lot is presented a video of that lot will be run and the auction will take place.

Marty Lueck cell# 417 838 1482
home# 417 948 2669

Check for further updates at journaganranch.com

Announcing 2022 Journagan Ranch Sale Cattle Junior Futurity

- Open to Juniors ages 7 thru 21 by Sept 25, 2022 who purchase any lot in the 2021 sale including calves born from cows purchased in the 2020 sale.
- The animal has to be purchased in the name of the junior and transferred to the junior at the time of purchase.
- Entries due by September 25, 2022
- At this time show will be held at Darr Agriculture Center at 6:00 p.m the evening prior to the sale
- Exhibitor must follow AHA fitting rules as stated in the official "Rules, Regulations and Bylaws" of the American Hereford Association.
- Heifers, Cow/calf and Bulls will show for an overall champion
- Each entry will receive \$250 in sale credit
- An overall Grand Champion and Reserve will be selected with prizes of \$1000 and \$500 of sale credit respectively.

Terms and Conditions

Sale Date and Time: Saturday, October 2, 2021 11:00 a.m.

Dear Friends,

Welcome to "Genetically Yours 30th Anniversary Sale". It seems like each year we say this is the best offering ever offered. The comments from all who have seen the sale offering agree that THIS is the strongest offering ever. Marty is again offering a strong group of highly productive cow and heifer calves.

There is a powerful set of older bulls as well as an exceptional group of young herd bull prospects. This will be one of the largest offerings of Polled Hereford bulls in Missouri this fall. The older bulls are big, stout bulls developed on rugged fescue pastures. They are ready to take home and put in your program this fall. The young bulls include a number of top herd bull prospects.

The group of cows and heifer calves are all highly productive and represent many generations of Journagan Ranch breeding. Seldom do you have the opportunity to purchase cows like the ones offered this year and then only in a dispersion.

Again this year Marty has taken the bred heifers right from the top. All are from productive cow families. and will be productive cows.

The fall calving cows will be a high light. They are a young, very productive group that you will appreciate. Many will have calves at side by sale time. New this year is a group of commercial replacement heifers.

Saturday, October 2 will give you the opportunity to purchase tried and proven performance genetics developed on fescue on the rugged Ozark hills of south Missouri. These genetics have been developed over many generations on these fescue pastures. Marty and Dr. Ron Del Vecchio have gone all out to make this 30th sale a premier event. They are great hosts and will be available to answer any questions you may have.

The Journagan Ranch/MSU will present the largest offering of Polled Hereford cattle in the Midwest this fall. Be sure to make plans to attend and view this proven power packed offering.

It is a pleasure for Linda and I to be a part of this 30th sale. The program has gained national prominence over the many years under the leadership of Marty Lueck and his crew. The Journagan Ranch/MSU program has become one of the major seedstock producers across the USA, always in the top of the breed for DAMS of DISTINCTION. We encourage you to come and be a part of this outstanding program.

We will again have the Junior Futurity with the cattle on hand at the Darr Center with a hamburger cookout Friday night before the sale.

I invite each of you to be with us Saturday, October 2 for this exciting event. Should you desire assistance in any way, please feel free to give me a call.

Sincerely,

Jim

All Range Ready Bulls will have a breeding soundness exam and a semen evaluation and will be tested for Trich 30 days prior to the sale. All bulls are virgin bulls. All have Genomic Enhanced EPD's.
